"When I say a square deal, I mean a square deal; exactly as much a square deal for the rich man as for the poor man; but no more. Let each stand on his merits, receive what is due him, and be judged according to his deserts. To more he is not entitled, and less he shall not have."—President Roosevelt.

SECRETARY TAFT, evidently voicing the views of the President, took a whack at "bossism" in Ohio. As Kentucky cuts no ice in National affairs, it's likely that the Machine problem will have to be settled at home.

ADMIRAL TOGO was given a notable reception in Tokio on the occasion of his public entry into the Capital, where he went to report to the Emperor the return of his fleet from the war. It may be added, incidentally, that Admiral ROJESTVENSKY was saved all this trouble.

HAVING failed—unanimously if not ignominiously—to install his Municipal Ownership Fad in Chicago, Mayor DUNNE now proposes to take a vote of the people on the question of closing the ginmills on Sunday. It does seem that anyone ought to get enough Chicago whisky in six days—and nights.

FRANCE and Venezuela were about to go to war because President CASTRO failed to observe some of France's fine-spun etiquette—didn't do the Kentucky act by looking out of the window while Ambassador FROGMORE poured out his drink, perhaps,—and Uncle Sam has been requested to adjust the difficulty.

THE Louisville Herald has awakened to the fact that it "cannot please everybody." Lordy, Brother, I tried to do that for thirty-five years of journalistic life, and drew a Royal Flush in failure. For the past five years I've been engaged in pleasing myself, and have succeeded fairly well—at the same time satisfying about all whose opinions are worth considering.

SPEAKING of President ROOSEVELT's order authorizing heads of Departments to dismiss incompetent employes, who have heretofore been kept in place by the Civil Service Law, the Washington correspondent of The Courier-Journal says—

"Everyone who has given the question careful study knows that the Civil Service Law from Alpha to Omega has been and is a fraud. If it had one virtue it was the one abrogated by the President, namely, that of keeping a man in his position. Stripped of that safeguard it is as dead as a mackerel so far as its protection is concerned to the individuals who work for the Government.

"That COOLEY, a member of the Civil Service Commission, should commend the order was to be expected, for he has always been a half-hearted worker in the sham and has always known it to be a fraud of the first water.

"That DEGRAU, the Fourth Assistant Postmaster General, should defend it and pronounce it 'bully' creates no wonder, for he has no patience with a law that compels him to keep an inefficient man in the service when he knows that he can put a better and more efficient man in his place."

Political Pickings

DOWN WITH BOSS RULE!

Louisville Herald.

Just now we say that the Republican party of Kentucky is on the eve of a deliverance, full of happy omen and blissful augury to its loyal membership and to the state at large. The utter impotence of boss rule by proxy is every day illustrating itself. The Republicans of Kentucky want a leadership that leads, not a depotism that divides and demoralizes. It has material in plenty at hand for the chieftaincy of character and achievement needed. The place-hunters and pie-cutters have for some time usurped the positions belonging to better, broader, brainer men; men whose principal occupation is not the dividing up of Judgeships, Postmasterships, Collectorships—aye, even United States Senatorships and Cabinet portfolios—amongst each other, but the propagation of those sound Republican principles which shall give Kentucky peace enduring, progress continuous, prosperity plentiful.

THE LIVER QUARANTINE

"TAKING HIS MEALS OUT."

Hurried eating has ruined many a man's stomach. The digestion-destriving process is gradual, often unnoticed at first. But it is only a short time until the liver balks, the digestive organs give way, and almost countless ills assail the man who endeavors to economize time at the expense of his health.

A torpid liver causes a quarantine of the entire system. It locks in the diseased germs and body poisons and affords them full play, inviting some serious illness.

In families where August Flower is used, a sluggish liver and constipation are unknown, so are all stomach ailments, as well as indigestion, dyspepsia, heartburn, headaches and kidney and bladder affections. No well-regulated family should be without this standard remedy.

Not less than 5,000 people read THE LEDGER 312 days in the year. This makes a total of 1,560,000 readers in a year.

Do you want your name and business repeated that often within the next twelve months?

Are frequently far reaching, and universally so when one buys any article other than the very best in the way of supplies for the table. The country is full of stale, inferior and poisonous stuff, which is every day being palmed off on an unsuspecting public for good and wholesome foods. Because of this the straight-forward, honorable and conscientious dealers throughout the country are united in an effort to induce Congress to pass a universal pure food law, which will prohibit the manufacture and sale of impure and poisonous foods, such as are now being sold by unscrupulous dealers, and consequently drive out of business all the "cheap johns" concerned that deal only in such stuff.

I began business in Marysville over twenty-five years ago determined to only handle the best, act honorably with my customers and never misrepresent anything to make a sale. Whatever of success I have had with you I attribute to at all times standing by that determination. My experience of more than forty years in the business has qualified me to know the good from the bad when making my purchases, and has also satisfied me the true road to success is to deal fairly and honorably with the public, sell the best goods at fair prices and never practice deception to make a sale.

I am now getting in my larger purchases for the fall and winter trade and I do not hesitate to say that when all in and opened up I shall have the largest, cleanest, most varied stock of high grade goods ever offered in our city. My stock of Canned Goods and Fancy Groceries of all kinds will be immense, bought at the lowest prices any jobber can have them, very much lower than such goods can be bought at today, consequently I shall be prepared to meet any and all competition. My special brands of Red Canvas Hams and Breakfast Bacon and fine Leaf Lard are becoming more popular each day with those who only want the very best.

Perfection Flour is the leading flour and the sales are increasing rapidly because it has been proved to be the best and purest sold in this market; always reliable. I don't have to be continually changing to find something better. It is truly what the word implies—Perfection.

In fine Blended Coffee I have the run, because I sell only the best at reasonable prices, always fresh, still going at 15c, 20c and 25c. I want every person to visit my store, and a special invitation is extended to country people when in our city to make my house their headquarters. You are always welcome, and it will be the old-fashioned Kentucky kind. I pay cash for Butter, Eggs, Poultry and Country Produce such as I need in my trade, but will only buy the very best. If I please you I want you to be sure and tell all your neighbors and friends. If anything wrong, come direct to me and don't mention it to any one else; I make everything right.

ANOTHER ONE OF OUR Celebrated Special Sales

MOTHERHOOD

Actual Sterility in Women Is Very Rare—Healthy Mothers and Children Make Happy Homes.

Many women long for a child to bless their homes, but because of some debility or displacement of the female organs they are barren.

Preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound more successfully than by any other medicine, because it gives tone and strength to the entire female organism, curing all displacements, ulceration and inflammation.

A woman who is in good physical condition transmits to her children the blessings of a good constitution. Is not that an incentive to prepare for a healthy maternity?

If expectant mothers would fortify themselves with Lydia E. Pinkham's Vegetable Compound, which for thirty years has sustained thousands of women in this condition, there would be a great decrease in miscarriages, in suffering, and in disappointments at birth.

The following letters to Mrs. Pinkham demonstrate the power of Lydia E. Pinkham's Vegetable Compound in such cases.

Mrs. L. C. Glover, Vice-President of Milwaukee Business Woman's Association, of 614 Grove Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:— "I was married for several years and no children blessed our home. The doctor said I had a complication of female troubles and I could not have any children unless I could be cured. For months I took his medicines, trying in vain for a cure, but at last my husband became disgusted and suggested that I

try Lydia E. Pinkham's Vegetable Compound; this I did, and I improved steadily in health, and in less than two years a beautiful child came to bless our home. Now we have something to live for, and all the credit is due to Lydia E. Pinkham's Vegetable Compound."

Mrs. M. P. Wharry, Secretary of the North Shore Oratorical Society, The Norman, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:— "I was married for five years and gave birth to two premature children. Lydia E. Pinkham's Vegetable Compound was recommended to me, and I am so glad I took it, for it changed me from a weak, nervous woman to a strong, happy and healthy one within seven months. Within two years a lovely little girl was born, which is the pride and joy of our household. Every day I bless Lydia E. Pinkham's Vegetable Compound for the light, health and happiness it brought to our home."

If any woman thinks she is sterile, or has doubts about her ability to carry a child to a mature birth, let her write to Mrs. Pinkham, Lynn, Mass., whose advice is free to all expectant or would-be mothers. She has helped thousands of women through this anxious period.

Women suffering with irregular or painful menstruation, leucorrhoea, displacement, ulceration or inflammation of the womb, that bearing down feeling or ovarian trouble, backache, bloating or nervous prostration, should remember that Lydia E. Pinkham's Vegetable Compound holds the record for the greatest number of actual cures of woman's ills, and accept no substitutes.

Many Women Have Been Benefitted by Mrs. Pinkham's Advice and Medicine.

WILL YOU HELP?

A Worthy Young Lad Wants to Buy an Artificial Limb

Master John D. Becraft, a sprightly lad of Aberdeen, lost his right leg by bloodpoison some time ago, and is now trying to secure enough money to buy an artificial one.

He is a manly little fellow, worthy of assistance, and his appeal should meet hearty response. A trifle from each will accomplish the result.

Donations may be left at The Ledger Office, and all sums, however small, will be gratefully accepted.

Dr. Alexander Green was found guilty at Bowling Green of the murder of Mrs. Ella Tip-ton and sentenced to life imprisonment.

The Grand Jury at Pittsburgh returned two indictments against Edward Cunliffe, who stole a \$101,000 from the Adams Express Company.

Mrs. Sarah Watson Andrews, the oldest surviving Daughter of the American Revolution, died at Silver Springs, N. Y., at the age of 102.

River News

Gage 17.1 and rising.

The Oakland passed up with a big tow of empties.

The well known packet Hudson has been dismantled.

The W. W. O'Neil will gather up a big tow at Cincinnati and go South.

The heavy rains of the past forty-eight hours will keep the river coming up the bank.

The Keystone State, on her first trip to Pittsburgh in many weeks, had a good freight list last night.

Boats are cautioned to take the Kentucky side of the river at Ironton, on account of the coal barges sunk in the channel near Paul Jones's Landing.

It is now almost a certainty that the Marine Hospitals at Cincinnati, Louisville and Cairo will be abolished in the near future, as the investigating committee appointed by the Treasury Department has recommended so in their report, and unless these cities get some kind of a move on them they will find themselves without a Marine Hospital some day near at hand. Extravagance is said to have caused the recommendation.

Captain J. M. Talley of Decatur, Ala., is building what will be the largest gasoline boat ever built for river service. She will have a hull ninety feet long, eighteen feet wide, with a full cabin, and will be propelled by a fifty-horse power gasoline engine.

The steamer H. B. Stout narrowly escaped going over a dam in the Kanawha river above Elizabeth a few days ago. She had a funeral party aboard. Her engines became disabled just above the dam, and Captain Richard Wilson jumped into the river and swam ashore with a line, saving the boat from going over the dam.

Another dynamite bomb exploded in a New York tenement house, and threw that part of the city known as "Little Italy" into a panic.
